BACKGROUND

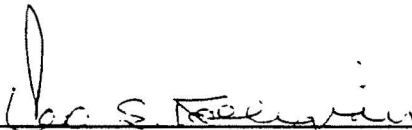

At the meeting in November 1988, The Regents authorized the approval and execution of an agreement with Los Angeles County--for Los Angeles campus faculty members of the Schools of Dentistry, Medicine, Nursing, and Public Health to provide certain teaching and professional services at various local health centers--with an agreement term of July 1, 1988 through June 30, 1989. The agreement was to have taken effect retroactively, superseding the current agreement which will expire December 31, 1988.

-2-

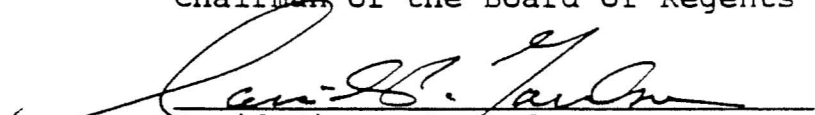

The County now wishes to change the terms of the proposed new agreement so that it is effective January 1 through December 31, 1989. While that will involve financial loss for the campus estimated at \$100,959, the change would greatly simplify the administration of the contract. All other contract terms would remain unchanged.

Action under interim authority is requested because the proposed agreement is scheduled to go before the Los Angeles County Board of Supervisors for approval on December 27, 1988.
