E REPORT

D. *Proposed Research Grant: Bay Area Women's HIV Study, San Francisco Campus*

The Committee recommends that the President be authorized to solicit and accept a new grant from the National Institutes of Health for support of a new research project entitled Bay Area Women's HIV Study, under the direction of Professor Ruth M. Greenblatt, M.D., Infectious Diseases, School of Medicine, San Francisco campus, in the approximate amount of \$9,754,000 for a four-year period beginning July 1 1993, and to solicit and accept any subsequent amendments, modifications, or renewals thereto, provided the general intent and purpose of the program remain unchanged from those originally approved by The Regents.
