CHANCELLOR SINSHEIMER

Delegation of Authority--Agreement with County of San Mateo for  
Psychiatric Services, Santa Cruz Campus

At the October 1984 meeting, The Regents authorized the President to approve and the Secretary of The Regents to execute an agreement with the County of San Mateo for provision of psychiatric evaluation and treatment services to students of the Santa Cruz campus. In addition, the President was authorized to execute renewals of that agreement, provided that such renewals would not change materially the arrangement except to modify the number of hours of services provided and the rate of reimbursement therefor.

Effective immediately, as Chancellor of the Santa Cruz campus, you are authorized to execute such renewals. This authority may not be redelegated.
